DJURSLINN JAMES

Full Stack Developer | BCA Graduate

Kottayam, Kerala | djurslinnjameskm@gmail.com | +91 75599 47412

Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

BCA graduate and Full Stack Developer with hands-on experience building web applications through practical projects. Committed to continuous learning, exploring emerging technologies such as AI, and applying new knowledge to develop useful software solutions. Eager to contribute to real-world projects, collaborate with a team, and take ownership of assigned responsibilities while growing as a developer.

TECHNICAL SKILLS

Languages: Python, JavaScript, PHP, Java, SQL
Web: Django, React.js, Next.js, HTML5, CSS3, REST APIs
Databases: PostgreSQL, MySQL, MongoDB
Tools: Git, GitHub, VS Code, Figma
Core Concepts: OOP, DBMS, Data Structures and Algorithms (DSA), Generative AI

PROJECTS

Campus Placement Training System | GitHub *Python, Django, PostgreSQL, AI*

- Developed a role-based placement training platform using Django and PostgreSQL to manage student training, attendance, assessments, and mock interviews.
- Integrated AI-assisted resume analysis, ATS scoring, and interview feedback to provide students with personalized placement-readiness insights.

Turf Booking Web Application | GitHub *PHP, MySQL, Chart.js*

- Developed a PHP and MySQL booking application featuring user authentication, role-based dashboards, and database-backed turf reservations.
- Created interactive Chart.js dashboards to visualize booking trends and support booking activity monitoring.

EXPERIENCE

Web Development Intern (Remote) | InAmigos Foundation *Sep 2026 – Oct 2026*

- Audited the organization's website to identify functional, navigation, usability, and SEO issues.
- Redesigned a sample webpage and recommended new features and improvements to enhance donation and volunteer journeys, campaigns, impact showcases, and testimonials.

Software Engineering Job Simulation | Walmart Global Tech (Forage) *May 2026*

- Implemented a heap data structure and created UML and ER diagrams for a logistics system.

UI/UX Design Intern | Pacelab, Kochi *May 2025 – Jun 2025*

- Designed 5+ UI screens and Figma prototypes for a college book rental application, supported by user workflows and empathy maps.

EDUCATION

Bachelor of Computer Applications (BCA) *2023 – 2026*
St. Thomas College, Palai (MG University) CGPA: 8.16/10

Higher Secondary (Computer Science) *2021 – 2023*
St. Michael's HSS, Kaduthuruthy Score: 86.83%

CERTIFICATIONS

- IBM Full Stack Software Developer Professional Certificate
- Google AI Professional Certificate
- 5-Day AI Agents Intensive Course (Google)
- Certified Cyber Security Analyst (RedTeam360)

ACHIEVEMENTS

- Demonstrated 50+ operating system features at a college technical exhibition.

LANGUAGES

English (Proficient) | Malayalam (Native)
